WMS Reflections County Winners

The Reflections Program is a National Arts Program sponsored by the PTSA. Students submit entries based on a theme in categories including photography, music, dance, writing, and visual art. This year's theme was: "Together We Can...". Wakefield Middle School had 22 entries. Our winning entries were submitted to the Wake County PTA for judging. Congratulations to the following—and good luck in the state competition!

Odyssey of the Mind 2010-2011

OM is a creative problem solving program for students of all ages. Teams of students select a problem, create a solution, and present their solution in a competition against other teams in the same problem and division. Our team this year has worked hard creatively solving spontaneous problems and participated in the Spontaneous Fair in January. They have selected Le Tour Guide as the long-term problem for the year and will present their solution March 5 at the Regional Tournament. For this problem teams will create and present an original performance where a classical character acts as a Tour Guide. The tour will make three stops including one that will be a team-created location. During the tour an inanimate object will show signs of life, the Tour Guide will give the wrong explanation about something, and will give a creative explanation about why it is important to guard and secure a worthless item.

Team members: Destiny Rider, Mia Ram, Sarah Killion, Zachary Cokas, Cameron Cokas, Emily Benjamin

Coaches: Bill Cokas, Ann Worley
